

K.S. NAGAL  
Modern Luxury Living

# PRODUCT PORTFOLIO

Craftmanship you can trust

[www.ksnagal.in](http://www.ksnagal.in)

True quality doesn't shout. It's felt  
in the finish, seen in the silence.

Because what lasts is always built  
with care.

~ Frank Lloyd Wright

# About Us

Founded in 2020 by Kailash R. Nagal, our journey began with hands-on experience at a leading company in the interior solutions space. What started as a spark of interest while watching skilled workers around us as children has now grown into a full-fledged business driven by passion, craftsmanship, and commitment.

We come from a proud lineage of Suthars — traditional artisans known for their precision, skill, and eye for detail. Woodwork and interior craftsmanship aren't just our profession; they're part of our heritage. That's why, at our core, we prioritize quality over profit and take pride in delivering work that's both functional and beautiful.

Whether it's a modular kitchen, a custom wardrobe, or glass and metal installations, we blend traditional values with modern techniques to bring your vision to life. With an in-house manufacturing unit and a technically sound team, we ensure that every project — big or small, is handled with care, clarity, and consistency.

Based in Pune and serving clients across India, we're here to offer honest work, thoughtful design, and interiors that truly feel like home.

## Mission

To craft high-quality interior solutions that reflect our artisan roots and attention to detail. We aim to serve homes and businesses with honesty, and a passion for design, delivering work that balances functionality, aesthetics, and long-lasting value across Pune and beyond.

## Vision

We envision a future where traditional skills meet modern innovation — offering modular kitchens, wardrobes, and smart living solutions that elevate everyday spaces while staying true to quality, authenticity, and our Suthar heritage.

# Table of Contents

01

## Modular Wardrobe

Customized storage solutions for clothes and accessories in modern homes.

02

## Modular Kitchen

Efficiently designed kitchen spaces with modern appliances and fixtures.

03

## Modular Glass Railing

Sleek and modern glass railings for stairs and balconies.

04

## Glass Partition

Transparent and elegant glass dividers for offices and homes.

05

## Shower Enclosure

Spacious and stylish shower enclosures for modern bathrooms.

06

## Decorative Mirror

Beautifully designed mirrors adding style and elegance to spaces.

07

## Custom Metal Work

Tailored metal solutions for unique architectural and design needs.

08

## Glass Canopy

Stunning glass structures providing natural light and shelter.

09

## Smart Cube System

Innovative storage solutions with modular and adjustable designs.

10

## Movable Partition

Flexible room dividers for adaptable and functional spaces

# Modular Wardrobe

01

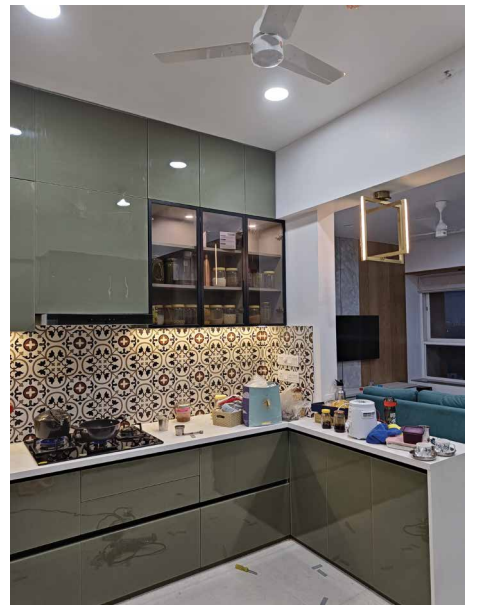

Our modular wardrobes feature customizable designs, durable materials, and fine finishes. These modular wardrobes offer a perfect blend of style, functionality, and space optimization. Our wardrobe sliding systems come with attractive, low-maintenance, and user-friendly profile options.

# Modular Kitchen

02

Our kitchens aren't ready-made products, but are designed for your individual needs. The shape, the front, the material – everything is designed especially for you. Our kitchen combines functionality with practicality, prioritizing efficient space use.

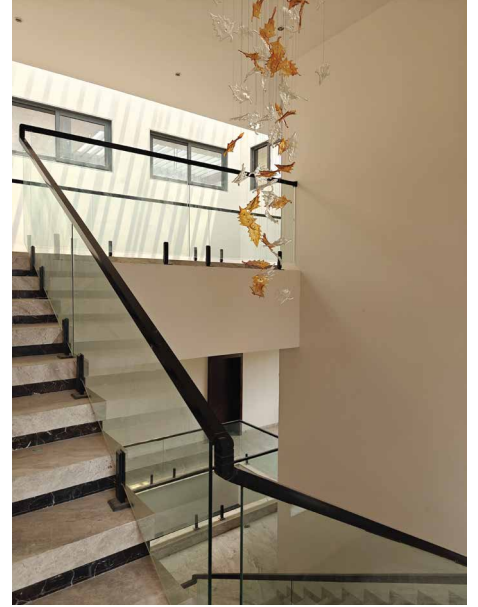

# Modular Glass Railing

# 03

Discover innovative railing solutions with us! We specialize in glass, wooden, and frameless railings, offering sleek aluminum systems with barrier-free views. With a wide range of options and finishes, we craft safe and beautiful spaces that bring your dream building to life.

# Glass Partition

# 04

Our glass partition designs offer sleek, modern solutions for interior spaces. Featuring high-quality glass panels, these partitions provide a sense of openness while maintaining functionality. Perfect for offices, homes, or commercial spaces, our glass partitions combine style and practicality.

Ultraline 25x45 (Single Glaze)

Ultralim 16x45 (Single Glaze)

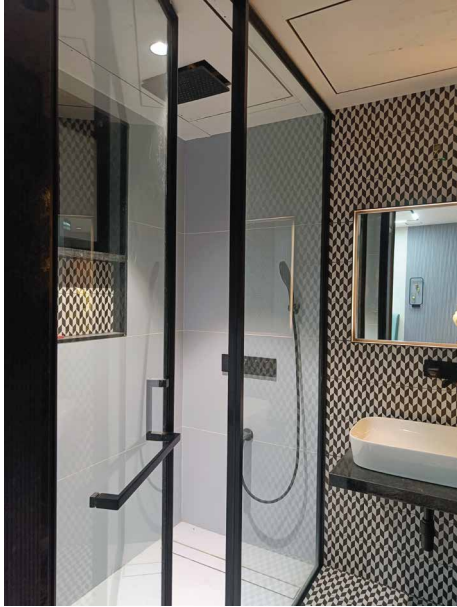

Partition with Glazing Profile

# Shower Enclosure

# 05

Our sleek frame shower cubicles offer modern designs with clean lines and minimalist aesthetics. Perfect for bathrooms, these cubicles provide a luxurious and functional space, combining style with practicality.

Glex System Shower Cubical

Glex System Shower Cubical

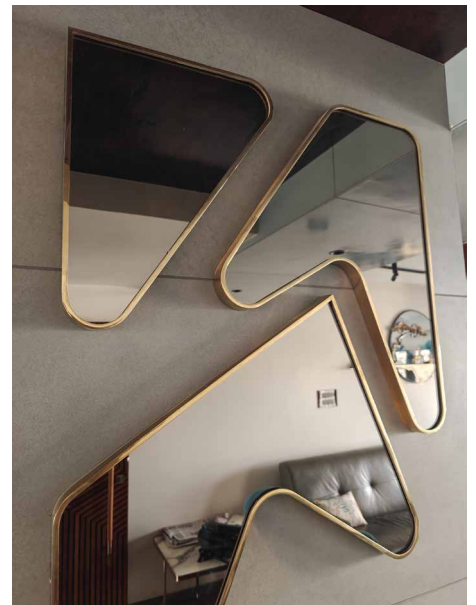

Frameless Shower Cubical

# Decorative Mirror

# 06

Customized metal frame mirrors with optional LED backlighting. Sleek designs for bedrooms, bathroom, and dressing rooms, adding sophistication and elegance.

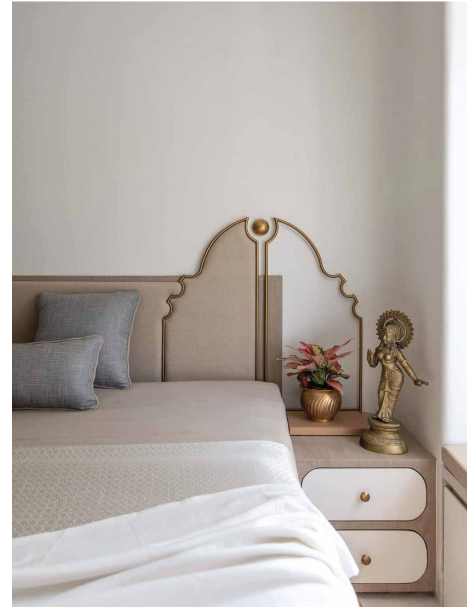

# Custom Metal Work

07

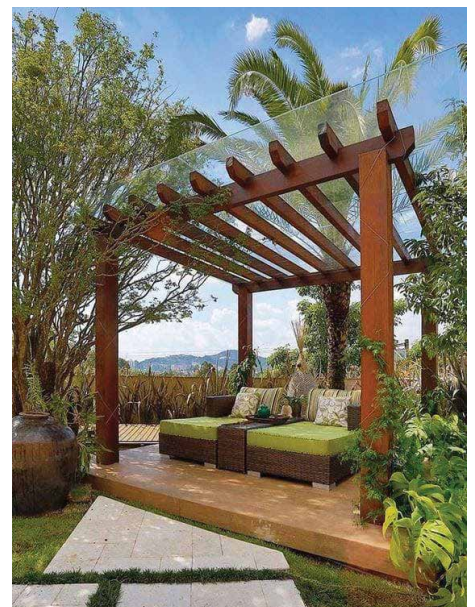

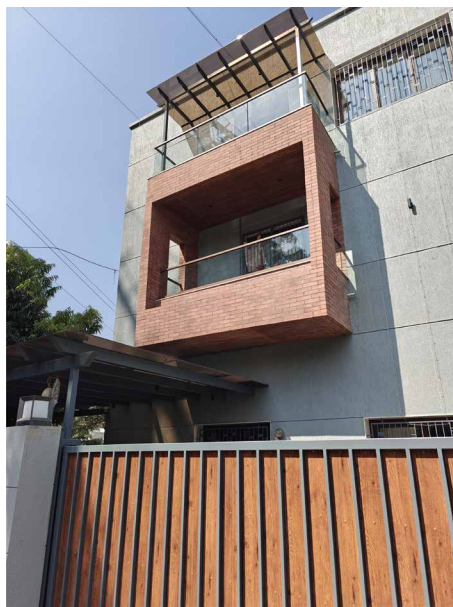

Our custom metal furniture and art add a special touch to your design. We make unique pieces that are both beautiful and functional, bringing style and elegance to your home or office.

# Glass Canopy

08

Glass canopies bring natural light and beauty to your bungalow, adding elegance and style. They're designed to enhance your home's look while connecting you to the outdoors.

# Smart Cube System

# 09

The Smartcube shelving system is a modern storage solution with a sturdy metal frame, perfect for kitchens, open shelves, and more. It also features LED lighting for added convenience and style.

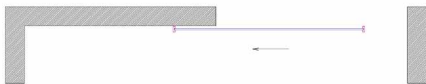

# Movable Partitions

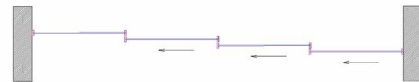

# 10

We provide movable partition solutions with modern designs, durable hardware, and advanced technology, featuring bottomless mechanisms and customizable panel designs, including curved and straight divider systems.

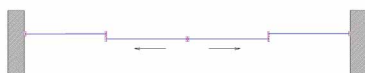

## 1. Single Door Sliding

## 2. Telescopic Sliding System

## 3. Synchronised (2+2) Centre to Sliding System

## 4. Flow Sliding System

# Why Choose Us

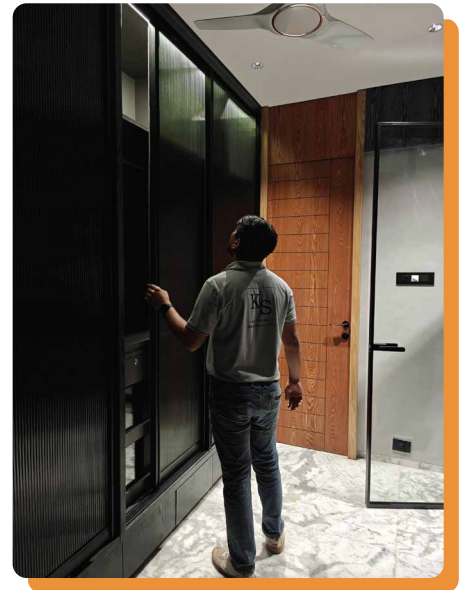

ONE

## Knowledge Driven Team

Precision comes from experience, not guesswork.

With years of on-ground experience and technical know how, our team brings clarity, accuracy, and practical solutions to every project. We don't just design – we understand what works best and how to build it right.

- ✓ Personal attention to each project.
- ✓ Trained professionals with hands-on knowledge.
- ✓ Focus on long-term durability, not short-term fixes.

TWO

## Inhouse Manufacturing

Our quality is handmade, not outsourced.

Everything we build is crafted in our own facility in Pune. This ensures total control over quality, finish, and delivery time. No middlemen, no compromises.

- ✓ Customization without limits.
- ✓ Consistent quality from factory to finish.
- ✓ Faster turnaround with local production.

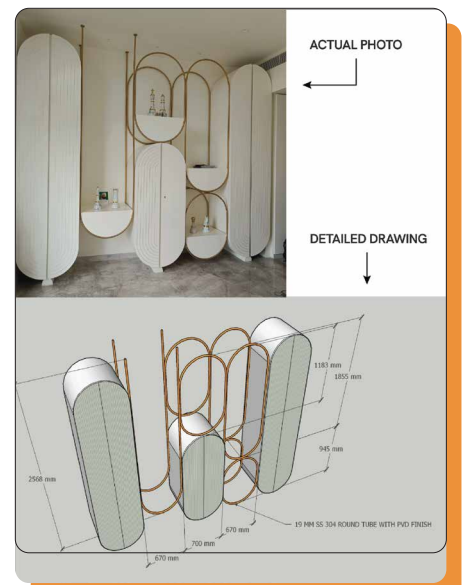

THREE

## Tech-Enabled Execution

See it before we build it, so no surprises, only clarity.

We start every project with CAD designs and technical drawings, so you can visualize your space before a single screw is turned. Our tech-first approach ensures accuracy, transparency, and complete alignment with your expectations.

- ✓ Design revisions before material is cut.
- ✓ Accurate measurements and technical clarity.
- ✓ Digital approvals save time and miscommunication.
